

## Thank you so much to everyone that invested time, talent, or treasure into our mission in 2023!

We are honored to serve our community, region, and partners in the nations; and are incredibly grateful for your investment! An overview of our 2024 vision is below and a snapshot of our 2023 financials is included on the last page.

Alliance Network exists to equip, connect, and empower people in their God-given purpose. We believe everyone was created for a purpose that extends far beyond our day-to-day existence. In Matthew 22:37-40 we are called to the Greatest Commandment and in Matthew 28:16-20, Jesus imparts the Great Commission. As believers we must live with this commandment and mission in mind. Because of this commandment, we are providing opportunities for spiritual growth through our initiatives and developing a network of partners to fulfill the Great Commission in this generation. We consider it a tremendous privilege to have a role in what He is releasing, both regionally and throughout the nations of the earth; and understand it will require divine guidance, collaborative partnerships, and continued adjustments to play an effective role in this expansive but beautiful work. We are filled with anticipation as we continue to see the Lord's faithfulness on this journey!
